LOCATION FOR HIGH SCHOOL BUTLDING.

The committee appointed some tene ago to look up a site for the proposed high school have been bosy of late and will make then report to the city countil next Monday unghit

Several places have ben exam ised and prices obtained but the committee has in the last place considered, what they think the nost desirable of all the amount of ground and price considered This lot, which is a fine location adjacent to the city sewerage sys ten, which is an important item in Haelf, is on Lena street between Burdeshaw and Newton streets and contains three acres of land The place is at present occupied have to be removed in case the land is purchased by the (ity and the ground belongs to Mr T M Espy, who has given the city a 30 day option on it for a considera tion of four thousand dollars

The committee think this a very good point for the high school and they think, also, that the price n reasonable

We trust that the City Fathers will decide to are pt this proposition provided they see their way clear to raise the funds to enect the hight school house this v at

It has been suggested that the City usage bonds for this purpose and have the interest on thes bonds guaranteed by private individuals for a number of year It is thought that such guarantee will cause the bonds to be readily

We kenw that the high school proposition is a live one and anaction the conneil may take to get the money will be endorsed by our citizens.

While we need the school very much, still, there are several other things, the need of which is almost as great. One of these is an extension of our water system There are lots of property numeds and residents who pay cuty tax who are deprived of city water and fire protection which they should

If we are to make a bond usue let us add enough to it to supply thm greatly needed water main extension

We trust the council will consavader this proposition along with the high school location when the subject is brough before their next Monday night

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, ag rapidly, for suffering leaves its lasting marks of

Nearly all women suffer more or less with son form of female trouble. It should not be neglected Avoid the pain—treat yourself at home by takin. Cardui, as thousands of other women have done Begin at once and give Cardui a fair trial.

It Will Help You

Mrs. Ketie Burlison, Goreville, Ill., tried Cardul and write "I suffered with female troubles, and was so slek I could not stand on my feet. Finally I began to take Cardut, and soon began it mand. Now I am able to do all my housework and am in must better health than I was before." Try it.
